

Study SMARTer and Faster

HOT TIP

*Don't ask yourself, "Am I smart?"
Instead, ask yourself, "How am I smart?"*

Story

When she was only 5 or 6, Katie surprised her mother, saying "Do you know what I like to do – I like to walk backward through my mind."

"What do you mean?" the puzzled mother asked.

Katie's impatient answer: "Oh, you know. I like to use my remembery."

*Do you like to use your
remembery?*

No point. I've got a bad memory.
